

GOOD LIFE NEWS

Fourth Annual Tom Moore Memorial Rally

October 24 – 28, 2013; Daytona Beach KOA; Port Orange, FL

We started our Fall Rally season at the KOA in Port Orange outside of Daytona. There were 11 rigs and 21 folks who attend the activity. Unfortunately, no new members attended, and our existing member numbers were less than last year, but we had enough folks to make it a great fun filled event.

We arrived on Thursday afternoon with Jeff and Mary Krabel kicking off the weekend with a spectacular water fountain display in the middle of our trailer parking (Jeff hit the water line at his site with a tent stake used to hold down his awning). Once Jeff & Mary dried out we all met for

Happy Hour complete with great food, good company and caught up on everyone's summer adventures. Happy Hour was followed by a trip to the Down Under Restaurant where we dined on the porch and enjoyed fresh seafood and a beautiful sunset.

Friday morning we woke up to the smell of Dave Wenger's famous hot and ready coffee along with a continental breakfast of bagels, hot muffins, hard boiled eggs, fruit cups and juice. Just the kind of breakfast to fuel us up for our bike ride at Gemini Springs' bike trail off of I-4. It was a casual ride through the wooded trail from Gemini Springs to the St. Johns River where we found a fishing dock, boat ramp and updated facilities. The weather was perfect for the ride which was about 4.8 miles round trip.

This Could Be Your Last Issue!

If you haven't renewed your WBCCI and Florida Unit membership, this will be your last issue. It may be too late now to get your name in the WBCCI Directory without calling in some favors, but it's never too late to renew for 2014. Please mail your dues check (\$75.00 for full members, \$10.00

for affiliate members to: Frank Carson; 43 Alpha Lane; Melbourne, FL 32934. Call Frank at (321) 704-2568 if you have any questions.

From Our President

Fall weather is upon us and Chris and I have found that camping in our Airstream is the perfect way to enjoy life.

When I took office for 2013 one of my priorities was increasing participation at our Rallies and growing our club membership. With that said, I have heard from our Treasurer, Frank Carson that our membership numbers have started falling off in our Unit. As of October 28, 2013 we have only signed up 48 rigs for 2014 (62 in 2013) as Full members of our Unit, and 8 rigs signed up as Affiliate members (15 in 2013).

There can be many reasons for this. With increasing age and health issues, we have seen a number of our valued members uncomfortable towing their trailer or driving their motor home. Circumstances sometimes prevent us from continuing on with the club or make us give up our Airstream. Lastly, some people may not think they would enjoy being a member of the oldest single-brand RV club.

I would like to encourage all of us to start working together to turn this trend around. How you ask? In 2013 we added Patsy Barr as our Mentorship Program Chairman. She has assigned volunteer Unit members the fun task of contacting new members with a phone call, email or personal note to try to get them excited about our Unit activities, attending our events, and making new Airstream friends. I believe this is a great first step.

FROM OUR PRESIDENT (CONTINUED FROM PAGE 1)

Secondly, I like to encourage all our officers (actually everyone) to make time to personally invite Unit members to our events. If you haven't seen someone in awhile, or maybe there is a name on the roster that you haven't met, give them a call. It might be just what they need to get active again.

And thirdly, new rally locations are something we have received comments about. Let's hear from you about locations you would like to try, and get them on the Rally Schedule. We all like new adventures.

With all this said, I want to thank all our Mentors and active members for your support. Getting together is what Wally Byam meant for us to do. So I simply say, "Let's go camping!"

-Ron Allen

FOURTH ANNUAL TOM MOORE MEMORIAL RALLY (CONTINUED FROM PAGE 1)

Friday afternoon we participated in a guided tour of the Lilian Place Historic House in Daytona Beach. This 3 story home with a widow's walk was built in the 1800 and contains lots of antiques. It has been told that this home is haunted and when the guide shared some of the stories of the alleged ghosts we all were on the lookout for signs of activities from spirits of the past. No one in our group admitted seeing anything out of the ordinary but it's been told that others have.

delegate going to future International Rallies for expenses of their choice. In talking with other club presidents most of them do this at varying amounts. This amount certainly does not cover the total rally fee or the other travel expenses but is designed to help out our delegate and to show the club's support of their commitment to represent our Unit. All members present voted and passed this motion.

Saturday at noon we enjoyed a luncheon fit for a king. No one could resist the hot fried chicken with homemade potato salad, coleslaw, fresh bread, green beans and mouth watering brownies and cookies.

The business meeting followed the luncheon. After roll call we reviewed old business and Motions passed by the E-Board during the summer.

1. Donate \$60.00 to a charity or to purchase flowers for any current member who passes away during the year.
2. New members are invited to attend their first rally with no rally fee.
3. The expenses for the New Florida State Rally will be run through our Unit treasury with an assurance from the Rally Hosts Tom Maciejzski and Dan Maciejzski that our Unit will not lose any money regardless of the number of attendees at the Rally.

During our meeting a motion was brought forward to have the club pay \$300.00 to the Unit

The new Rally Schedule and new E-Board nominations were shared. All were passed.

There was an open discussion about how the Unit can raise money. With our current balance there is no problem supporting the motions we passed but in due time we will need a way of replenishing our funds.

There was a motion made and seconded for Dan Maciejzski to check on pricing of marketing items for the Unit to purchase and sell for a profit. T-shirts, coolies with Airstreams on them, insulated bags, luncheon trays complete with insulated cups are just a few of the things he is going to research. He will report back to us at Cracker Christmas with his findings. For more details on the meeting please see the meeting minutes to be posted on the web site shortly.

Sunday was started off with a great hearty breakfast prepared by Brad & Janet McGloin. They made breakfast casseroles of French toast, hash browns, ham, cheese and sausage served with fresh fruit and juices. All of them exceeded our expectations, and any calorie restrictions.

Sunday night we enjoyed an ice cream social and an interesting presentation by Randy Godfrey on traveling the Alaska Highway. He had beautiful pictures that made us all want to

sign up for the Alaska Caravan immediately following the presentation. Hearing about being in the middle of a buffalo stampede started by a guy on a bicycle was enough to get your heart beating a little faster. The spectacular mountains, countryside, buildings and landmarks were sites to behold.

The weekend also included playing joker, meeting for happy hours, visiting other local attractions and enjoying sitting around the campfires prepared by Tom and Dan each evening. What a great time

was had by all. A special thank you to all the volunteers that helped make this Rally a success.

-Ron Allen

Our Last Event of 2013

CRACKER CHRISTMAS VOLUNTEER AND INSTALLATION RALLY; CHRISTMAS, FL;
DECEMBER 4 - 9, 2013

For those of you that have never been to Cracker Christmas, this is what to expect.

We park on basically level grass. We will have water and 10 amp electric. Parking is free and the rally fee is \$16.00 per person. Included in the rally fee is a hoagie supper on Wednesday evening with any side dish you wish to bring. Thursday evening will be the Installation dinner supplied by the Unit from Boston Market. Friday will be a pulled pork potluck. We ask everyone to bring a side dish, enough to feed 6 to 8 people. Saturday will be a light breakfast, lunch and a dinner with the meat entrée roasted over a campfire. This is also a potluck with you bringing a side dish to feed 6 to 8 people. Sunday, a light breakfast and lunch. Sunday night will be on your own. Every afternoon there will be a happy hour so you will need your chairs and a snack table. Maybe you will be lucky enough to win an Earl Trask table. Bring a light snack and a beverage. For those of you that are new, these happy hours are a great time to ask any questions about the club and your Airstream.

During the time you are at Fort Christmas you will be asked to assist the employees at the park by helping to tidy-up and decorate the restored build-

ings, set up tents, tables and chairs. On the weekend, we docent the buildings for 3 hours a day.

What's at Fort Christmas? There are about a dozen restored Cracker homes and a reconstructed fort from the Second Seminole Indian War. There will be cane grinding, rope making, rug hooking, etc., plus one of Central Florida's largest craft fairs with close to 200 crafters. Last year we had over 30,000 visitors over the two-day weekend.

For those of you that cannot come until Friday, there is no rally fee. The only stipulation is **you must pre register** since we have to order food. At the back of this newsletter is the registration coupon. Please fill it out, and with a check made out to WBCCI Florida Unit mail to Frank Carson, 43 Alpha Lane, Melbourne, Florida 32934.

If anyone would like to open their Airstream up for visitors at Fort Christmas please let Chris Allen know. The open houses/tours would be to benefit the Wounded Warrior Program. We are hoping to take donations from those visiting the park that would like to see our rigs. Chris can be reached by email ronchrisallen@bellsouth.net or by calling (904) 534-9896.

Coming Soon in 2014

CANOPENER; JANUARY 10 – 12; TOPSAIL HILL PRESERVE STATE PARK; DESTIN, FL

This is not a WBCCI sponsored rally. It was started by one of our previous members, but is now hosted by another of our members Russ & Linda Drake WBCCI #11740. Everyone makes their own reservations at the State Park. Several of our members have been attending this event and it is always fun. More information can be found by following this link:

<http://www.airforums.com/forums/f288/canopener-2014-a-100346.html>

JACKSONVILLE JANUARY UNIT RALLY; JANUARY 16 - 20; HANNA PARK

Start 2014 off with your Airstream friends at the Jacksonville January Rally. There will be special events, camp fires and plenty of time to see the area and visit with old friends and new. Mark your calendar today to arrive on Thursday, January 16 and depart on Monday, January 20. Be prepared to have some fun! We will send the exciting agenda

upon registration. Registration form can be found at the back of this newsletter.

ALUMAFLAMINGO; FEBRUARY 18 – 23; SARASOTA, FL

Alumaflamingo is an all-new Airstream-oriented event happening in Sarasota Florida! It's going to be a great time, with lots of exciting activities, tours, seminars, vendors, Airstream service, meals, and more! This event is produced by the same people who bring you Alumapalooza in Ohio, Alumafiesta in Arizona, and Alumafandango in Oregon. You can read all about it and signup by following this link: <http://alumaflamingo.com>

Many of the WBCCI activities that were previously at Sarasota will take place at Alumaflamingo. WBCCI Region 3 will have exclusive use of a building onsite for Unit seminars, caravanning videos, member idea sharing, and a Region 3 Board Meeting. Several of your Florida Unit members have already signed up to go, so we hope to see everyone there as in past years. For our members who don't have Internet or email, the mail-in registration form can be found at the end of this newsletter.

THE NEW FLORIDA STATE RALLY; APRIL 2 – 7; SUNSHINE KEY, FL

Exciting news! Our own Tom and Dan Maciejczyk have decided to restart the Florida State Rally. 2014 will start a new era for Florida's longest running rally. Tom and Dan are starting fresh, everything will be new, and the Florida Unit is the sponsoring unit.

Instead of being at the same location every year, Tom and Dan are creating a moving rally. In 2014 the rally will be held in the Florida Keys. The plans for 2015 are to have the rally in St. Augustine. After that, they hope to change locations each year from north to south to place the event in new, historical locations so that each year you can attend and have a new adventure.

The 2014 Florida State Rally attendees will enjoy the historic sites and old charm of Key West. A trolley tour will get you around the most southern city of Key West. Airstreaming seminars, flea market, dinner and entertainment await your return to camp at mile marker 39. Sunshine Key Resort (an Encore park) has 360° views of tropical island life. There are amenities such as a swimming pool, tennis court, game room, fishing pier and a café on the grounds. Boat slips at the marina await your fishing adventure, also kayaking and canoe tours are a great way to see what island birds and sea creatures inhabit the Florida Keys (charters and tours are available at extra cost).

The cost for this rally is \$260.00 based on 2 people per unit (one person \$221.00). Included in the Rally Fee: 5 nights in the Florida Keys, parking with 5 point hook up (water, 50 amp electric, sewer, cable and Wi-Fi), use of trolley, seminars, a dinner and entertainment. Attendance in 2014 is limited to 120 full service sites, so this will be first come, first serve. For those wishing to come early or wishing to stay later, an extra day's fee at Sunshine Key Resort will be \$30.00 per night.

There is a sign-up coupon in the back of this newsletter, and more information can be found in the latest edition of the *Blue Beret*.

WOUNDED WARRIOR PROJECT (WWP) UPDATE

The Wounded Warrior Project (WWP) fundraiser has been extended through 2014. We are eager to get this program on track with some new initiatives and some tried and true fundraisers that will help us to exceed the \$2,500 we raised for 2013.

We are checking to see if we can kick off the program with Airstream open houses at Fort Christmas in December. If you would like to open your rig for tours during the Cracker Christmas activity, please let us know. All are welcome. This was a big hit last year and a successful fundraiser.

Jeff Krable has volunteered to make Airstream banks, Joker Board Games along with Hat Wall Racks in the shape of an Airstream. If you would like to place an order for any of these items, let us know. You can see and buy these items at Fort Christmas. All proceeds from these sales go to benefit the WWP. We have already started to receive donations from the sale of his wonderful wooded items. A special Thank You goes to Jeff for his generous donation of his time and resources to make these items.

Patsy Barr, Janet McGloin and Chris Allen are your Wounded Warrior Project Committee. If you would like to be a part of the committee for our club, send me an email at ronchrisallen@bellsouth.net. Fresh ideas and volunteers are always welcome.

-Chris Allen, Wounded Warriors Project Committee Member

MENTOR PROGRAM

We had a delightful Rally at Daytona Beach this past weekend. The weather was cool in the mornings and got cooler at Happy Hour Time. We had some planned activities and free time to “do our own thing.” The meals were good, and made even better with fellowship. It was nice to visit with old friends and welcome some new ones.

At our meeting Saturday afternoon, I reported on the progress of our new members mentoring program. I started the program with new members reported by Frank and Joan Carson, our treasurer and membership chair, in the March issue of our unit newsletter. From that time until right before

our October Daytona Beach Rally, we have added 24 new members. Two of those agreed almost immediately to become mentors, making a total of nine mentors willing to contact our new members and sponsor them.

Mentors are a great source of information and advice about owning an Airstream, tips on great camping spots, how to solve problems encountered with a trailer such as tires, operating systems, etc., and experiences in being a WBCCI member.

It was strongly suggested that we mentors re-double our efforts and encourage our new members to attend our next unit rally Cracker Christmas; Christmas, FL on December 4, 2013. See you there!

-Patsy Barr, Mentor Program Chair

EXPLORING AMELIA ISLAND WITH HOWARD & SUSAN LAROSE

The last Sunday in September we packed the B-Van and headed north to Amelia Island, specifically to Ft. Clinch State Park. We chose this park because it is only an hour’s drive to St. Mary’s, Georgia, where we had reservations for the Cumberland Queen to the famous Cumberland Island National Seashore.

Ft. Clinch State Park has a real fort and it is well furnished. The small museum has an excellent video narrated by “soldiers” and we recommend the museum before touring the fort. Park rangers in Union soldier uniforms take visitors back to 1864. Visitors see the interiors of many buildings and also see broad views of the harbor and the Atlantic.

We camped in the Amelia River campground which was shaded with live oaks draped with Spanish moss. The other campground was close to the beach and provided no shade, but it was closer to the fishing pier. As we stood on the boardwalk, a Navy submarine escorted by two Navy ships was heading out into the Atlantic.

On the morning of October 1st, the government shut down and closed Cumberland Island National Seashore, so we drove to nearby historic downtown Fernadina Beach; charming like Key West but minus the crowds. We purchased tickets for a two hour boat tour from Amelia Island Cruises. We cruised down the Amelia River while learning so much from the excellent narration. Soon we were in Georgia and into the

wetlands of Cumberland Island. The boat was not allowed to dock, but the captain related the fascinating history of Cumberland Island. We saw dolphins twice, and even observed the “strand feeding” ironically just as the captain was explaining it! We saw wild horses in three areas and had a distant view of the burned Carnegie mansion ruins. After our boat tour, we had dinner across the street at the Salty Pelican (2nd level, overlooking the river), and of course, we ordered locally caught shrimp!

On Wednesday morning when we hiked the Willow Pond Trail, we saw or heard so many birds. We drove to the south end of Amelia Island (gorgeous homes) and passed three more state parks, one of them a fishing state park which was an old highway across the water. Further south, we boarded the ferry to cross the St. John’s River. It was a fun trip!

-Susan LaRose

BRAD, JANET, AND ROBERT’S
1966 AIRSTREAM SAFARI
PART II

When taking on a project of this size and complexity it can be difficult to know where to begin. Let us start with the expression “they all leak.” In my research on restoring vintage Airstreams, water leaking is a very common theme and some water damage is almost expected. When I purchased my vintage Airstream the seller informed me that it did not leak. The trailer had been sitting outside on a concrete pad for three years and the floor always remained dry. At my first untrained inspection, the floor did appear to be very solid and only minor moisture damage was present around the bottom of some of the cabinets where carpeting was formerly installed.

I have now owned the trailer several months and have developed a trained eye. I can assure you, it does leak. Over the years, the non-aluminum components deteriorate. The sealant in the seams and around the doors/windows dries and cracks allowing water to seep inside. The original refrigerator vent cover, plumbing vents and stove vent cover were fiberglass and have deteriorated. The

exterior marker lights are very faded and failing.

The 1966 – 1968 Airstreams have curved Corning glass. The glass is no longer made and until recently there was no option to replace the glass except with plastic. The plastic does bend to match the side of the trailer but

not exactly leaving gaps where water can get in. In addition, the rubber seals around all of the windows and door are dried

and failing. No wonder it leaks.

Making the Airstream waterproof is a priority to reduce the potential for further damage. It is time to move to inside storage. The storage garage I rent is about 40 feet long so there is plenty of room to store parts and work. It is

a little tricky to get the trailer in and out because the driveway is a little narrow but it will work until another unit with easier access is available. I am going to start the restoration by focusing on waterproofing the exterior. It is really fun to shop on the internet and so far pretty easy to find what I need. My general theme for the renovation will be to reuse what I can and modernize existing fixtures.

For example, Grote produced the original exterior marker lights. They are still in business and the exact same lights remain available.

I will modernize them by selecting the optional LED elements that use far less energy and last much longer. They are exact replicas on the outside but with

modern light elements on the inside. The new refrigerator vent cover, plumbing vents and stove vent cover are made out of a more durable UV resistant plastic but in the exact shape of the originals. I also ordered curved replacement glass for the two non-original plastic windows. I ordered new rubber seals and stainless steel hardware for the windows.

Let us now look around inside. At first glance it does not look too bad but let us look a little deeper. The cabinetry containing the re-

frigerator is pulling away from the wall. Some of the original nine-inch floor tiles remain under the seating areas. I am very certain they contain asbestos and will need to go with special handling. I do believe I see daylight through that crack in the floor as well as likely floor rot. The rear bath is going to be a challenge. The former owner cut away a plastic bench to install a

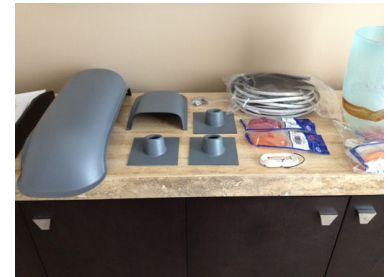

new toilet leaving a gaping area where you can see into the bumper compartment and again daylight through the floor.

The full extent of the restoration is yet to be discovered. As the interior is dismantled areas that need attention will be discovered. We look forward to discovery and designing/building with quality materials.

-Brad McGloin

There are some really good things about the interior. The original white kitchen sink is like new. The stove is in very good condition. The aluminum and glass gas light looks like new. Most of the interior is there and waiting refinishing.

ANNUAL MEETING AND ELECTIONS REPORT

The annual meeting and elections was held on Saturday, October 26, 2013, 1:00 p.m. at the Daytona Beach KOA recreation hall located in Port Orange, FL. The following candidates for Florida Unit Officers were voted in by those in attendance:

- Brad McGloin, President
- David Barr, Recording Secretary
- Frank Carson, Treasurer

- Tom Maciejczyk, 1st Vice President
- Christina Allen, 2nd Vice President
- Joan Carson, Corresponding Secretary
- Jean Brodeur, 1yr Trustee
- Dan Maciejczyk, 2yr Trustee

The rally and meeting schedule for 2013 was presented by Ron Allen. Please see below. Minutes will be published when available.

WBCCI FLORIDA UNIT RALLY AND MEETING PROGRAM FOR 2014

Date	Location	Host
January 16 - 20	Unit Rally; Hanna Park; Jacksonville, FL	Ron & Chris Allen
March 12 - 17	Unit Rally; Bluegrass Rally; Christmas, FL	Frank Carson
April 2 - 7	New Florida State Rally; Sunshine Key	Tom & Dan Maciejczyk
April 30 - May 3	Region 3 Rally; Fletcher, NC	Region 3 Officers
May 22 - 26	Buddy Rally; Cedar Key, FL	Brad McGloin
June 28 - July 4	International Rally; Gillette, WY	International Rally Cmte.
October 23 - 27	Unit Rally; Daytona Beach KOA; Port Orange, FL	Brad McGloin
October 25	Annual Meeting; Port Orange, FL	Brad McGloin
Dec 3 - 8	Unit Rally; Cracker Christmas; Christmas, FL	Frank Carson
December 4	Unit Dinner/Meeting, Installation of Officers; Christmas, FL	Brad McGloin & F. Carson

IN MEMORY OF PATRICK JOSEPH FRANCIS MCGEE 1929 - 2013

McGEE, Patrick Joseph Francis, 84, of South Pasadena, died Oct. 2, 2013. Survived by beloved wife of 63 years, Lillian; children, Charles F. McGee (Bobbi) and Kathy Benton (Alan); and by six grandchildren; and 3 great-grandchildren.

SUNSHINE LIST

Lucille Clarke will be having a total knee replacement, after having a very painful summer at TCPC. She had arthroscopic knee surgery during the summer without any success. Lucille will be home recuperating for the next three months.

Frank Carson has had a major problem with neuropathy in his legs and hands this summer. He is seeing a neurologist who specializes in this malady. Frank has had 28 vials of blood taken for various tests. The doctor thinks Frank's immune system is attacking the myelin that covers the nerves. He wants to start Frank on Gamunex-C infusion therapy, which has lots of bad side effects. No decision yet. Perhaps a second opinion when Frank and Joan return to Florida this month.

There were no additional cares and concerns reported to your editor for this edition, so we hope everyone else is well and enjoying the good life. Please let your editor know of anything that needs to be published here.

We have several members who are ill, on chemotherapy, undergoing radiation treatments, awaiting medical procedures, and all trying hard to recover. Keep them in your prayers, and every-

one travel safe and stay healthy in the days ahead.

DEADLINE FOR THE NEXT EDITION OF GOOD LIFE NEWS WILL BE 12/25/2013

Please send your editor any articles you have for publication in the January 2014 edition of our newsletter by December 25, 2013. All news and items of interest to members of our Unit are welcome.

Email in most any form is acceptable: text files (.txt, .rtf), Word documents (.doc, .docx), Pages documents (.pages), photos (.jpg). Send photos at large or medium size so they can be scaled them to fit in the newsletter as needed.

Please email items to: rgodfrey@cfl.rr.com. You can also send hard copies of items for publication in our newsletter to:

A few things you should know: Taking photography or video for commercial purposes at the event is prohibited without express written permission of R&B Events LLC. No refunds (whole or part) for late arrival. If you must cancel, please note that refunds are limited by our published refund policy. Registrations canceled before November 1, 2013 will be charged a \$25 cancellation fee per group (not per person). Cancellations received in November 2013 will be charged \$75. Cancellations received from December 1, 2013 through January 31, 2014 will be charged \$150.00 per group.

IMPORTANT: No refunds will be issued for cancellation after January 31, 2014 for any reason.

We strongly recommend investigating trip cancellation insurance if you might have to cancel at a late date. Refunds will be made to the credit card or PayPal account that was originally used to make the payment. Please note that t-shirts and other merchandise orders are not returnable or refundable. Alumaflamingo is a production of R&B Events LLC. By registering for and attending this event you agree to hold R&B Events LLC, Airstream Inc., Church Street Publishing Inc., organizers, volunteers, and sponsors of the event harmless for any damages, losses, or injuries that you may incur while attending the event. Please check our website for insurance recommendations.

*Logo will be done in a month or so and it will be cool, please be patient.
