

GOOD LIFE NEWS

From Our President

Another Florida State Rally has come and gone with the Florida Unit doing itself proud with 26 units in attendance. The theme was Romance and Roses, our congratulations go out to Ron & Chris Allen for the great backdrop they designed, I doubt any other unit in the future will top it. Thanks to all who participated in the great team effort getting it assembled and put in place.

My thanks also to Dave & Betty Wenger for getting up so early, preparing, and serving the coffee and donuts; Earl Trask for being chairman of the scooter patrol; Whit Blasdell and his crew for running Bingo; Nancy Scime for chairman of the WBCCI store; Phil Drugge chairman of the golf tournament; George & Linda Perry for putting on a great pet show; Tom Maciejczyk for participating in the vintage open house; and Vic Smith for getting those 15 pizzas for our unit luncheon. Not to forget our own Frank Carson, rally director, and Randy Godfrey, registrar for the rally. Congratulations to Vic and Josie for winning first place in the best decorated unit. Now I'm sure in my senior moment that I've overlooked someone and I do apologize.

My friends, you missed a great little rally hosted by Phil & Doris Drugge at The Life Enrichment Center last month. This is just a laid back rally with no structured activities. Phil made his famous cowboy egg breakfast, Ron & Chris demonstrated the art of Dutch Oven cooking with some of the best beef stew you will ever eat, Phil made an upside down pineapple cake in a Dutch oven, Dave Wenger made a delicious apple pie in a Dutch Oven, and of course there was plenty of Joker Games. Take my advice and never play against a certain husband and wife team.

Welcome to two new members, Jerry & Frances Friend, and John Leonard & Rae Chamberlain. I'm sure you will enjoy our unit. Hope to see you and all our Unit members at the Bluegrass Festival Rally.

-Willard Pickrel

Third Life is Good Rally

Good Friends, Good Eating, Good Fun.

The third Life is Good Rally was held at the Life Enrichment Center in Fruitland Park, FL. Our group consisted of Unit President Willard Pickrel & Lady Jeanne, 1st VP Phil Drugge & Lady Doris, 2nd VP Ron Allen & Lady Chris, PP Dave & Betty Wenger, IPP Randy & Pat Godfrey, and Brad, Janet & Robert McGloin.

Thursday night found the early birds going out for dinner

at Cane Garden, one of The Villages country clubs. Friday the rally began and folks enjoyed traveling to The Villages for shopping, taking a free trolley tour and otherwise enjoying the surrounding area. We had no

planned agenda, although Brad & Dave did do some "heavy" work helping Phil pick up some furniture for a local charity. Thanks guys. A little Unit service project there! Back at the campground, Phil & Doris Drugge worked on preparing a delicious "New England" ham & bean supper for everyone. Everyone said it was excellent, including 2nd VP Ron Allen who was expecting southern style

WANTED: A NEWER AIRSTREAM FOR TV COMMERCIAL

Vic Smith our webmaster has been in contact with Scott Barnett, a producer of TV commercials near Miami, FL. He is making a Toyota Tundra commercial featuring the Tundra's new sway control. He wants an Airstream trailer to feature in the commercial. Vic's is too shiny and the camera would reflect in the trailer. He wants an Airstream with a standard finish. If you are interested in this, and making a little money with your rig, contact Vic and he will put you in contact with Scott. The shoot in on March 10, 2011.

THIRD LIFE IS GOOD RALLY (CONTINUED FROM PAGE 1)

ham & lima beans. What can you expect from Yankees, Ron?

On Saturday the schedule was pretty much the same, get up and enjoy breakfast by Betty & Dave Wenger. Cowboy eggs with bacon & cheese. That went down pretty well. Then it was off to the Marion Flea Market and other exotic locales. Saturday night we had a shrimp boil, potatoes, shrimp, corn on the cob, and kielbasa. Another feast! Later on the Joker games went on in earnest.

Sunday morning after Betty's continental breakfast, we had a short devotional service led by Phil Drugge, and then the cooking got serious. With dutch oven cookware provided by Ron & Chris Allen and Dave & Betty Wenger, we all pitched in and prepared beef stew, pies (prepared by Dave and Willard), pineapple upside down cake, and hot biscuits. It was *delicious!* Unfortunately Randy & Pat Godfrey had to head home early for a church function. We had as invited guests, Len & Rita Doucette, Airstreamers from Maine who are work camping at LEC this winter.

Some left early on Sunday night and others remained until Monday morning, and then it rained! We had a good time in spite of the rain, and the hitching up was accomplished quickly and we headed home. As I said, there was a small group (out of our 164 members, only 13 came), but we enjoyed being with good friends and had fun! Maybe next year, you'll join us or even sooner at one of our upcoming rallies. Why haven't you been at a rally lately?

CANOPENER RALLY REPORT

The weekend before the Life is Good Rally was the Canopener Rally in Destin, FL hosted by our Unit member Steve Martin. The Canopener is an informal rally. You sign up on AIRForums.com, and anyone, WBCCI member or not can come.

Pat and I traveled to Destin along with Unit members Tim & Alice Wymer, Joe & Annette Conoly, Laura Funk, Tom Marciejczyk, and we met our new members Russell & Linda Drake from Panama City, FL there. Steve was sick and missed the rally, but the other 40 plus trailers there shouldered on.

The fun started after dinner Friday evening with an im-

promptu Bourbon tasting. There was at least a dozen different bottles of Bourbon on the table. One attendee even had a test kit so he could verify the content of each drink. These are serious Bourbon aficionados.

After a very hardy breakfast with the Ranger on Saturday morning, Joe & Annette opened

their famous Bloody Mary bar on their campsite. I'm not a fan of Bloody Mary's, but Annette's recipe was very tasty.

Saturday afternoon was Airstream open house. Everyone strolled the campground visiting each other's trailers and getting ideas for "home improvements."

Saturday night brings the biggest potluck supper you will ever attend. It started with a large table full of happy hour snacks, then went right into dinner with two packed tables of food, and a table of deserts. If you didn't get enough to eat, you must have been at the wrong event. For those that stayed for Sunday morning, there was a breakfast potluck.

CANOPENER RALLY REVIEW (CONTINUED FROM PAGE 3)

We had great, warm weather for the weekend. Pat and I stayed in North Florida the rest of the week and it really got cold after that. Twenty-one degrees one morning! For that cold morning we had everything disconnected and drained, and wrapped the plumbing below the belly pan to keep it warm. The heat-pump kept icing up, so we had to shut it down and switch to the LP gas furnace. We stayed warm and nothing froze, except my hands when I was getting everything ready for the night.

The rally is held at Topsail Preserve State Park in Destin, FL. This is an excellent Park with full hook-ups and cable TV included in the fee.

To get back to Central Florida and the Life is Good Rally, from Destin we followed US-98 around

Florida's Big Bend. This is a very scenic drive if your heading that way in the future.

FLORIDA UNIT PLANNING SURVEY - PLEASE GIVE US YOUR IDEAS

Next year I will be the Florida Unit President and I need some help planning the year. I am truly interested in increasing the participation in our Unit Rallies. A unit such as ours with over 160 individual members should be able to have more than a dozen people at a rally. So, if you're not there, then the rally activities must not have attracted you. While I applaud your membership in the Unit, I am encouraging you to get that trailer cleaned up and on the road! As PP Randy Godfrey has said many times, "Airstreams are made for traveling, not parking" (or something like that).

Take a look at the last page of this newsletter. I want you to answer the questions and let me know your thoughts. It should take you all of a few min-

utes. If you got the newsletter by email, copy and paste the questions on the last page into an email, make your responses and send it back to me. Or, you can rip off the last page, fill it out and mail it to me. Please do it right now. Don't procrastinate! And, if you think of something I forgot, add that in. I'll publish the results.

I will put the names of all respondents in a hat and draw a name. The winner will get a free Unit Rally Fee of their choice next year.

See you down the road; travel safe.

come anytime on Friday, but you must be parked onsite by 9:00 a.m. Saturday.

Attention First Timers: For those of you that have never been to this rally, it is completely laid back with professional Bluegrass bands playing continually both Saturday and Sunday. 15TH ANNUAL WBCCI NATIONAL ST. AUGUSTINE EASTER RALLY; APRIL 19 – 24; ST. JOHNS COUNTY FAIRGROUNDS; ELKTON, FL

The Florida Unit is the host of the annual St. Augustine Easter Rally. The rally is held at the fairgrounds with 30 amps electric, water, modern restrooms with showers, dump station, and a school house that seats 120 people where we will meet, eat, and be entertained.

The Rally Fee is \$225.00 per Airstream with two people and for that you get six nights of parking (a \$210.00 value or more at a local RV Park). So what do you get for the additional \$15.00?

✓ Refreshments every night

✓ Red Train tickets to tour St. Augustine, good for Wednesday through Saturday.

But wait, there's more for that \$15.00!

▶ Tuesday: Is the arrival day with an afternoon social hour, opening ceremonies, and professional entertainment.

▶ Wednesday: A pancake breakfast, a tour of St. Augustine on the Red Train and in the evening professional entertainment.

▶ Thursday: A boat cruise on the Matanzas River, free time to sightsee, followed by professional entertainment in the evening.

▶ Friday: A tour of the Fountain of Youth followed by free time to relax. The evening ends back at the fairgrounds with more professional live entertainment.

▶ Saturday: Enjoy our delicious breakfast special: Omelet in a Bag. Then the famous Earl Leggett Zany Olympic Games, ending the evening with a presentation by actor and historian Robert Gill.

▶ Easter Sunday: You can attend the Sunrise Service on the Castillo de San Marcos Grounds, or at a venue of your choice. Then back to the fairgrounds for an Easter Egg Hunt (with money in the eggs). Next, on to the Easter

Parade in downtown St. Augustine, then back to the fairgrounds for the catered Easter dinner at the school house followed by the closing ceremonies.

There are no extra-cost items at this rally. You get it all for \$225.00 or just \$15.00 over the normal 6 night fee at a regular RV park. What a great bargain!

Time is getting short and space is limited! Make plans now to join the fun. Only the first 50 applicants get to attend, but we always save room for our Unit members, and we need your help.

There is fun for all with games, tours, prizes, food, entertainment and great camaraderie.

See the coupon in the back of the Blue Beret. If you have additional questions: Contact Frank Carson at (352) 467-9530 or email at: fc23343@aol.com.

RALLY ELECTRIC – WHAT IS IT?

Whenever you attend a big rally such as the Florida State Rally or the Cracker Christmas Rally, someone will tell you that we have “Rally Electric” for your electrical connection. You may even be told that it is “3 amp” or some other low amperage figure. If you haven’t been RV’ng for a long period of time, you may wonder what that all means. Well, here is a very short and hopefully easy to understand explanation.

At the rally, you will hook up your electrical cable to a “daisy chain” of wires that start back several trailers or motor homes before you. Everyone seems to be hooked up together with the initial cord plugged into a 120 volt outlet on either a twenty (20) or thirty (30) amp breaker.

Now we’ll assume that all the cords plugged together are large enough to carry the 120 volts without anyone getting short-changed by something called volt-

age drop. It shouldn’t be a problem.

Okay. Now we’ll assume a 30 amp circuit and 10 trailers hooked together on the line. If only one person uses any electricity on that line, they have 30 amps available to them. If two people get on and use equal amounts of electricity, then each has, in theory, 15 amps. They each get ½ of the usable amps. If three people get on equally, then each has ten amps and so on. If everyone is on, then each one has 3 amps to use. Now remember this is if everyone is on at once. If it’s midnight, probably no one is on and you can have the full 30 amps.

So that’s it. It’s really simple. As long as no one uses more than their share at any moment, then we’re all set. Does this mean you are guaranteed 3 amps? No, it doesn’t. If your 2 neighbors are using a combined total of 28 amps and you use anything that has more than 2 amps of current required, *everyone* goes down as the

circuit breaker is tripped and now *no one* has power.

So discretion is the key along with consideration for your neighbors. If you must use that hair dryer, do it when no one else is likely to be using a large amount of power. Getting warm? That AC will need a lot of power to turn on. Open the window and turn on your Fantastic Fans and you’ll have a nice breeze. Lots of beverages in the fridge? Switch it over to gas operation, and get an old fashioned stovetop percolator for that morning coffee? It’ doesn’t use any electricity only LP gas.

So there you have it. Rally electric simply means you’ll be sharing the power with your fellow Airstreamers. Be considerate and enjoy the good life!

Below is a chart listing “approximate” amperage ratings for various appliances that may be found in your Airstream. You might want to post the list on the inside of one of your cabinet doors for future reference.
